

# PRECAUTIONARY DRINKING WATER WARNING DO NOT DRINK THE WATER USE BOTTLED WATER

## IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

On May 17, 2021 Clifton E Lawrence School well pump failed.

### What should I do?

- **DO NOT DRINK THE WATER.** Bottled water will be provided ~~at the main entrance~~ *At Main Entrance & upstairs*
- There is nothing you need to do. However, if you have specific health concerns, consult your doctor.
- If you have a severely compromised immune system, have an infant, are pregnant, or are elderly, you may be at increased risk and should seek advice from your health care providers about drinking this water.

### NOTE: This advisory is NOT related to COVID-19

The World Health Organization has stated that the "presence of the COVID-19 virus has not been detected in drinking-water supplies and based on current evidence the risk to water supplies is low." For additional information on COVID-19 and drinking water, you can refer to EPA's website: <https://www.epa.gov/coronavirus/coronavirus-and-drinking-water-and-wastewater>.

### What is being done?

Clifton E Lawrence has repaired the well pump and disinfected the well. 4 distribution samples will be collected on to determine if the water quality is satisfactory.
