Hidden in Plain Sight

This virtual presentation provides parents, grandparents, caregivers, teachers and other adults an opportunity to explore a teenager’s bedroom to see and identify drug paraphernalia, hiding places and other signs that may indicate alcohol or other drug use by a teen.

Throughout the event, prevention specialists and local law enforcement explain various Sussex County substance use trends, signs, symptoms and lingo in an effort to raise awareness about substance use and provide resources for parents and community members to help keep youth healthy and drug-free.

This session is open to adults only.
