| 24/7 Nurse Line | 24/7 Nurse Line is a health information service that includes a toll free 24 hour health information line staffed by registered nurses. 24/7 Nurse Line nurses do not diagnose or recommend any treatment. Instead, they provide the member with the necessary health information needed to make informed medical decisions. This helps members determine if their health ailment requires a doctor's visit. |

You can save money when you choose to receive care from providers that participate in the Horizon BCBSNJ networks. When you use participating hospitals or other medical facilities or doctors, you generally only pay your copayment and any applicable in-network coinsurance or deductible. Generally, if you have services performed at an out of network facility or by an out of network provider, your out of network benefits will apply. This means that you will be responsible for amounts exceeding Horizon BCBSNJ's allowable reimbursement for that particular service and this may result in significant out of pocket costs. You will be responsible to pay for this amount directly to the non-participating hospital, ambulatory surgery center or provider. By using our Horizon-BCBSNJ network providers, you keep your health care costs down.

Horizon BCBSNJ administers payment of broker commissions on Contract Holder's behalf to Contract Holder's commissioned broker. Contract Holder acknowledges that broker commissions are paid by its own funds and that it remains responsible to fund such commissions either as included in the premium rates or self-funded fees. Where Contract Holder approval is not received within 45 days of the effective/renewal date,

This summary highlights the major features of your health benefit program. It is not a contract and some limitations and exclusions may apply. Payment of benefits is subject solely to the terms of the contract. Please refer to your benefit booklet for more information.
