As I am sure you are aware, COVID-19 numbers have increased throughout the county and state. We are continuing to maintain in person operations and want to take this opportunity to reinforce a few of the measures that we have consistently

had in place that are helping to facilitate our operations effectively. One of the best measures that we have in place is the continued support of parents and guardians monitoring their children's health and keeping them home if they are symptomatic. Students with symptoms of illness should remain home.

In addition, we continue to implement measures such as daily sanitizing, mask wearing, social distancing, cohorting groups of students and contact tracing where applicable.

We are also in continual communication with the Sussex County Department of Health and we are working in conjunction to provide the safest environment we can for our students and staff.

Please don't hesitate to reach out to your child's school with any questions or concerns as we continue to navigate these challenging times together.

Congratulations to the SMS students
of the month for December.
