About Debbie

Debbie is a Certified Caregiving Facilitator and has been a family caregiver for 40 years, to a parent, spouse and son while running a full-time business. She suffered from caregiver burnout and transformed her own life by learning to prioritize herself while still being a loving, effective caregiver. She is now sharing her 8-year transformation journey with other family caregivers. Debbie's goal is to help them prioritize self-care so they can be more of who they are as well as a caregiver.

Suggested Talking Points:

- Dangers of caregiver burnout
- Self-care is not selfish
- Different types of self-care
- Combatting the idea that there is not enough time for self-care
- Integrating self-care regardless of your unique situation
- Where do I even start?
